Hospital Sitter

This is a rare service that is unique to our company, available also at last minute notice, to sit with your loved one when family is not able to. Don't let your friend or family member be left alone while ill and fragile especially if this person has Alzheimer's, Dementia or can be confused and wander. We all know, nursing staff these days are outnumbered and the hospital does not have the time to spend or give one-on-one attention to your loved one but we can. If there is anything you or your loved one does not understand about their care or seek general information as to availability of services that may help them, we provide information and answer questions so you will know that alternatives are available to insure the

best decisions can be made regarding care. If we do not have the answer, we will seek out the information and update you on the progress as we gather it.

Many seniors would prefer to stay in the

familiar comfort of their own home. The good news is, Jodal is equipped and staffed to achieve such level of comfort for seniors. We can arrange for medical and non-medical visits from registered nurses, physical therapist, social workers, hospice, and home care givers throughout the GTA

Whether you need short-term recovery assistance or long term care, please give us a call.

Don't wait one more day.

Senior Helper Program

Senior Helper Program

Caring for an aging loved one and managing the demands of your own life can be stressful. There is no need to go at it alone. At Jodal, we help you manage the daily care activities of your seniors so you are free to maintain your desired lifestyle while showing them you care.

The Senior Helper Program is designed to provide warm and compassionate senior care that enables our clients to live independently in the comfort of their own home. Whether they need us for a few hours or around the clock, we will always provide the kind of quality and responsive care that lets them truly enjoy living independently at home.

More than Caregivers: Life-givers

First we hire our Caregivers because of their professionalism, enthusiasm and compassion for seniors. Then our unique process allows us to create a relationship so ben-

eficial that our clients say their helpers are more than caregivers they are life-givers. Trust us to always provide:

- Dependability of Service
- Continuity of Caregivers
- Peace of Mind for the Family
- Quality of Life for our Client
- Independent Living at Home

Peace of Mind Service

Our goal is to provide quality and affordable home care Nursing and Compassionate Companionship Care. To achieve this goal, we always have on standby well trained team of experienced professionals. Our staff have varied experiences and background, therefore making it easier for you to choose. Quality services are provided through staff who have nursing or personal care background and qualifications. All our home health aides

are personal support worker certified and attend regular in-service programs depending on each patient's situation and needs. We have conducted police background check and references on all our staff.

To ensure that we provide the best service possible we provide an initial house visit and case assessments as well as ongoing consultations and support from our office and our network of Nurses, Physicians, and Occupational/Physical Therapist.

Services

From day-to-day companionship to an around-the-clock nurse, we can give you the comfort of knowing your loved one is cared for with the personal attention only you would wish to provide. With the attention to normal daily living, we provide assistance in the home setting. This attention allows your loved one to feel more at ease by staying in an environment that's familiar to them. You have the comfort of knowing that they are receiving excellent care and their needs are being met.

Additionally, we offer support out of the home in such environments as hospitals and nursing homes. This is to ensure that your loved one is receiving the quality of care they deserve.
